

# ITLS INTERNATIONAL TEACHERS FOR TOMORROW'S SCHOOL

SYSTEM CHANGE AS AN OPPORTUNITY FOR INTERCULTURAL  
SCHOOL DEVELOPMENT AND MUTUAL LEARNING

## Poster presentation of my internship abroad

### Abstract:

This poster can be used as a preparation for stays abroad. It is filled out by teacher training students before their stay abroad, in this case an internship at a school. Students deal with their internship school and the educational system of their host country. They can choose their thematic focus and note down questions that come up during their research that they would like to explore during the internship. This way, students prepare for their internship so that they already have some information about their internship school and the educational system of their host country.
