

QUICKSHEET LANGUAGE REQUIREMENTS AND DEGREE RECOGNITION IN SLOVENIA

National degree recognition agency	Ministry of Education, Science and Sport (in order to work at pre-, primary, secondary or vocational schools) National University (to be employed at the university)
Language requirements to enter teaching profession	Permanent staff, according to Slovenian legislation (Rules on the Teaching Certification Examination, 23/2006), in education need to pass a final professional exam, which alongside content and teaching methods, also evaluates the candidate's knowledge of Slovene. Teachers cannot be regularly employed in a Slovenian educational institution if they do not speak Slovene fluently. The assessment of Standard Slovene in the oral section of the final professional examination, is based on the standards set out in the <i>Catalogue of Knowledge of the Slovene Language for the Professional Examination</i> (Križaj-Ortar, et al, 2004). It is stated in this document that "the basis for determining the candidate's knowledge of Slovene, acquired during the candidate's internship or training in schools, is mainly the mentor's and school principal's assessment of the candidate's oral and written assignments or activities" (Križaj-Ortar, idr., 2004, p. 3). Currently, there is no legal document which determines the level of language proficiency of Slovene (e.g. B1, B2 or C1), according to the <i>Common European Framework of Reference for Languages</i> (2020), needed to teach in schools. The only document the principals are required to follow is the above-mentioned catalogue of knowledge.

JEZIKOVNE ZAHTEVE IN PRIZNAVANJE DIPLOM (SLOVENIJA)

Nacionalna agencija za priznavanje diplom	Ministrstvo za izobraževanje, znanost in šport (za zaposlitev v vrtcu, v osnovni, srednji in poklicni šoli) Nacionalna univerza (za zaposlitev na univerzi)
Jezikovne zahteve za vstop v učiteljski poklic	Po slovenski zakonodaji (Pravilnik o strokovnem izpitu strokovnih delavcev na področju vzgoje in izobraževanja, 23/2006) morajo strokovni delavci za opravljanje dela v vzgojno-izobraževalnih zavodih imeti ustrezno izobrazbo, opravljen strokovni izpit, ki poleg vsebin in metod poučevanja ocenjuje tudi kandidatovo znanje slovenskega knjižnega jezika. Učitelji ne morejo biti redno zaposleni v slovenski izobraževalni ustanovi, če slovenščine ne govorijo tekoče. Ocenjevanje standardne slovenščine, v ustnem delu zaključnega strokovnega izpita, temelji na standardih, določenih v <i>Katalogu znanja iz slovenskega knjižnega jezika za strokovni izpit</i> (Križaj-Ortar, idr., 2004). V tem dokumentu je zapisano, da je »podlaga za ugotavljanje kandidatovega znanja iz slovenskega knjižnega jezika, pridobljenega v času kandidatovega pripravništva oziroma usposabljanja, predvsem mentorjeva in ravnateljeva ocena njegovih praktičnih nastopov oziroma dejavnosti, kandidatove priprave na nastope, ki se ocenjujejo, oziroma pisna naloga ter tudi praktično obvladanje knjižnega jezika, ki ga izpraševalec ugotavlja pri ustnem izpitu.« (Križaj-Ortar, idr., 2004, str. 3). Trenutno ne obstaja pravni dokument, ki bi določal raven znanja slovenščine (npr. B1, B2 ali C1), v skladu s <i>Skupnim evropskim referenčnim okvirjem za jezike</i> (2020), ki je potrebna za poučevanje na šolah. Edini dokument, ki ga morajo ravnatelji upoštevati, je zgoraj omenjeni Katalog znanja.
